

Remote Deposit Capture

Picture this!

You are checking your mailbox and you discover a check in the mail from Aunt Edna! It's a windfall! Can't make it to the credit union to deposit it at 10:00 p.m. at night? No worries, you can now deposit checks from the comfort of your home on in the car, or at work or anywhere else from your Smart Phone device!

Simply download the FedStar Mobile App to your Smart Phone from the Apple or Google Play stores. Once downloaded, then click on the "piggy bank" icon to submit approval for access to Remote Deposit Capture feature. FedStar will verify the information for security purposes and send you an email when you are good to go!

Follow the instructions on the app and you will be set to make remote deposits anytime, anywhere!

Best of all, Remote Deposit Capture (RDC) is FREE for credit union members!
